MISSION-CRITICAL WELDING SOLUTIONS

DINSE at EUDEX 2026

When reliability determines operational readiness, welding technology must not be a weak link.

DINSE – MISSION CRITICAL
WELDING SOLUTIONS.
WHEN FAILURE IS NOT AN OPTION.

For manufacturers, OEMs and system integrators in the defence industry, we combine proven welding technology with engineering expertise, customised solutions and long-term security of supply.

Since 1954, DINSE has been developing and manufacturing professional welding solutions Made in Germany – for manual, automated and robot-assisted applications as well as highly precise laser processes.

DINSE FOR DEFENCE – OUR STRENGTHS

DEFENCE MANUFACTURING & INTEGRATION

Welding technology for the manufacturing and integration of defence systems and components.

DUAL USE TECHNOLOGY

Proven industrial technology – adapted to meet the requirements of modern defence systems.

ENGINEERED FOR YOUR MISSION

From proven standard products to custom-engineered and manufactured solutions.

LASER & AUTOMATION

Precise wire feeding and welding technology for automated, robot-assisted and laser-based processes.

BATTLE DAMAGE REPAIR & MRO

Robust welding solutions for field repair, maintenance and servicing.

MADE IN GERMANY. SECURE EUROPEAN SUPPLY CHAIN.

Development and manufacturing in Germany. Supply chains with a clear focus on Germany and Europe – ensuring availability, short lead times and security of supply.

WANT A SNEAK PEEK?

At dinse.eu/eudex, you'll find all the information about our highlights and everything you need to plan your visit.

LET'S TALK DEFENCE.

Do you develop, manufacture or integrate for the defence industry? Then we should talk.

Feel free to contact us in advance to arrange your personal meeting at **EUDEX**.

Meet our welding and application experts, as well as Volker Engelmann (Colonel, Reserve), who complements our trade fair team with his many years of experience and expertise.

As an advisor, he supports us on questions and topics related to the military and defence sector and is also a knowledgeable point of contact for our guests from this field.
